RESORT & WINERY

An aerial photograph of a vineyard with neat rows of grapevines on a hillside. In the foreground, there are trees with white and purple blossoms. In the background, a modern building with solar panels on its roof is visible, surrounded by more trees and a winding road. The sky is blue with light clouds. A dark green rectangular box is overlaid in the center, containing white text.

“WINE,

ONLY JUST

ABOUT THE ARTEVINI

ARTEVINI has been crafting wines since 2008, combining a modern winemaking style with deep respect for traditional practices in both vineyard management and production. The winery carefully tends its 23 vineyards using a long term sustainable approach, reflecting a strong commitment to the land and its future. Since 2024, ARTEVINI has been undergoing the transition toward organic certification, further strengthening its focus on responsible viticulture.

In 2026, ARTEVINI will open a unique wine resort, bringing together a winery, a wellness hotel, and refined gastronomy. This new space will offer visitors an immersive experience where wine, relaxation, and culinary excellence meet in harmony.
