— how it works

01	You send us your RFQ.	Drawings, specs, quantities or just a phone call first.
02	We shortlist and consult.	Matching you with verified suppliers and consulting your decision.
03	You receive competitive offers.	Clear comparison of pricing, timelines and terms.
04	We coordinate and report.	From production to delivery – with updates and expert support throughout.

— we deliver mainly

- **Custom metalworking based on drawings.** We provide access to reliable Czech manufacturers specialised in contract-based production for international clients.
- **Applications:** Recycling systems, Pharma industry, Food processing, Offshore, Special machinery, Industrial components & more.
- **Manufacturing processes:** Laser cutting, Press bending, Welding (TIG, MIG, MAG), Machining, Surface treatments, Complete assembly.
- **Materials:** Stainless steel, carbon steel, aluminium and technical alloys.

"Working with CZECHMA has significantly strengthened our supply chain in Central Europe. What we appreciated the most was their ability to combine technical understanding with clear communication and supplier reliability. Instead of navigating the Czech market ourselves, we gained trusted partners and long-term stability — without unnecessary delays or risks."

Georg Krenn, CEO, Lindner Washtech GmbH
