SHINE PREMIUM WAX

- Highly hydrophobic effect
- Deep mirror gloss
- Abrasion resistance
- UV varnish protection
- Protection against oxidation and corrosion
- Long lifetime (until 24 months)

Black Diamond Shine Premium is the highest range of premium wax Black Diamond. Long-lasting protects the bodywork against salt, raiding rust, asphalt, resin or braking dust. Primarily designed for new varnishes, to which delivers deep mirror effect and creates silky smooth surface. At the same time, color of the varnish will brighten up. On the surface of the bodywork creates ultra thin highly hydrophobic layer with high surface energy, which significantly facilitates removal dirt from varnish without using aggressive chemistry.

*Required expert installation on the vehicle. *

Packaging:
Set, Individually 50ml

EASY

- Hydrophobic effect
- High deep shine
- Brightenes the varnish
- Protects against external influences
- Easy application

Black Diamond Easy is premium wax protection paint coat up to 12 months. It is designed for new and old paints. It protects surface against salt, raiding rust, asphalt, resin, braking dust, UV radiation and next external influences. Paint is after application perfectly smooth and dazzlingly glossy. On the surface creates invisible nano layer with high hydrophobic effect. This layer significantly facilitates removal of dirt and protect paint against abrasion.

Packaging :
Set, Individually 100 ml,
canister 5L

— BLACK DIAMOND

INOX

- Excellent efficiency
- High gloss
- Easy maintenance
- Prevents hand prints

Black Diamond INOX

is designed specifically for chrome, aluminium or stainless steel surfaces. Thanks to nanotechnology Black Diamond is surface perfectly protected, glossy, smooth and easy to wash. It is suitable both for vehicles and for motorcycles.

Packaging :
Set, Individually 100 ml,
canister 5L

— BLACK DIAMOND

GLASS PROTECTION

- Resistance to insect sedimentation
- Highly hydrophobic
- Contains a UV filter
- Long lifetime

Black Diamond Glass Protect is the new generation of nano glass protection, which provides a strong hydrophobic effect and creates safe view from the car even in bad weather. Maximum hydrophobicity and lifetime up to 6 months. Contains UV filters, which prevent penetration of UV radiation into the car interior and thus protecting plastics from fading.

Packaging :
Set, Individually 100 ml,
canister 5L

— BLACK DIAMOND

WHEEL GUARD

- Protection against the rust, salt and braking dust
- Long-term disk protection
- Easier cleaning
- Perfect shine

Black Diamond Wheel Guard is a product designed to protect cast wheels and disks against salt, rust and braking dust.

Ensures the perfect shine of cast wheels and facilitates their subsequent cleaning.

Packaging :
Set, Individually 100 ml,
canister 5L
